Information / Information / Information / Informatie / Informação / Información / Informazione

- FR** Les outils et le matériel de fixation ne sont pas fournis !
Les différentes surfaces nécessitent des solutions de fixation différentes. Soyez attentif à la surface sur laquelle vous allez ancrer le produit et choisissez la solution la plus adaptée en conséquence. En cas de doute, contactez un professionnel.
- EN** Tools and anchoring hardware are not provided!
Different surfaces require different hardware solutions, be mindful of what surfaces you'll anchor the product to and choose the best solution accordingly. In case of doubt, contact a professional.
- DE** Werkzeuge und Befestigungsmaterial sind nicht im Lieferumfang enthalten!
Verschiedene Oberflächen erfordern unterschiedliche Befestigungslösungen. Achten Sie darauf, an welcher Oberfläche Sie das Produkt befestigen, und wählen Sie entsprechend die beste Lösung aus. Bei Fragen wenden Sie sich bitte an einen Fachmann.

- NL** Gereedschap en bevestigingsmateriaal zijn niet inbegrepen!
Verschillende oppervlakken vereisen verschillende bevestigingsoplossingen. Let op welk oppervlak u het product gaat bevestigen en kies de beste oplossing dienovereenkomstig. Bij twijfel raadpleeg een vakman.
- PT** As ferramentas e o material de fixação não estão incluídos!
Superfícies diferentes exigem soluções de fixação diferentes. Tenha em atenção a que superfície vai fixar o produto e escolha a solução mais adequada. Em caso de dúvida, contacte um profissional.
- ES** Las herramientas y los elementos de fijación no están incluidos.
Diferentes superficies requieren soluciones de fijación diferentes. Tenga en cuenta la superficie a la que va a anclar el producto y elija la mejor solución en consecuencia. En caso de duda, consulte a un profesional.

- IT** Gli strumenti e il materiale di fissaggio non sono forniti!
Le diverse superfici richiedono soluzioni di fissaggio differenti. Fai attenzione alla superficie su cui ancorare il prodotto e scegli di conseguenza la soluzione migliore. In caso di dubbio, contatta un professionista.

- FR** Sauf indication contraire, toutes les mesures sont en millimètres.
- EN** Unless stated otherwise, all measurements are in millimeters.
- DE** Sofern nicht anders angegeben, sind alle Maße in Millimetern angegeben.

- NL** Tenzij anders aangegeven, zijn alle afmetingen in millimeters.
- PT** Salvo indicação em contrário, todas as medidas são em milímetros.
- ES** Siempre y cuando no se haya descrito de otro modo, todas las medidas están en milímetros.

- IT** Salvo diversa indicazione, tutte le misure sono in millimetri.

Entretien / Maintenance / Wartung / Onderhoud / Manutenção / Mantenimiento / Manutenzione

- FR** Pour prolonger la durée de vie du produit, un entretien régulier est recommandé.
Pour maintenir une apparence propre et brillante, vous devriez le laver avec du savon doux et rincer à l'eau claire.
Les composants mécaniques mobiles doivent être vérifiés, nettoyés et lubrifiés de temps en temps.
- EN** To extend the lifespan of the product, regular maintenance is recommended.
To maintain a clean and shiny appearance, you should wash it with mild soap and rinse with clear water.
Mobile mechanic components should be checked, cleaned and from time to time lubricated.
- DE** Um die Lebensdauer des Produkts zu verlängern, wird regelmäßige Wartung empfohlen.
Um ein sauberes und glänzendes Aussehen zu erhalten, sollten Sie es mit mildem Seifenwasser waschen und mit klarem Wasser abspülen.
Die beweglichen mechanischen Komponenten sollten überprüft, gereinigt und von Zeit zu Zeit geschmiert werden.

- NL** Om de levensduur van het product te verlengen, wordt regelmatig onderhoud aanbevolen.
Om een schoon en glanzend uiterlijk te behouden, moet u het wassen met milde zeep en afspoelen met schoon water.
Bewegende mechanische onderdelen moeten gecontroleerd, schoongemaakt en van tijd tot tijd gesmeerd worden.
- PT** Para prolongar a vida útil do produto, é recomendável uma manutenção regular.
Para a superfície ter uma aparência brilhante e limpa deve fazer uma lavagem com água e sabão neutro uma a duas vezes por ano.
Para os componentes mecânicos móveis deve-se verificar o seu bom funcionamento. Fazer uma limpeza e de quando em vez uma lubrificação regular.
- ES** Para prolongar la vida útil del producto, se recomienda un mantenimiento regular.
Para mantener una apariencia limpia y brillante, debe lavarlo con jabón suave y enjuagar con agua clara.
Los componentes mecánicos móviles deben ser revisados, limpiados y lubricados de vez en cuando.

- IT** Per prolungare la durata del prodotto, si raccomanda una manutenzione regolare.
Per mantenere un aspetto pulito e brillante, è necessario lavarlo con sapone neutro e risciacquare con acqua pulita.
I componenti meccanici mobili devono essere controllati, puliti e di tanto in tanto lubrificati.
